GARBAGE REVENUE ALLOCATION

Central Waste Disposal will bill the City \$12.25 for each residential customer they serve. The City will add \$2.42 per bill, for a total of \$14.67. This will create a new garbage rate of \$14.67 per month, per residence

CURRENT RATE: \$16.67 per month
PROPOSED RATE: \$14.67 per month

I would propose to create a new Solid Waste department in the Utility Budget to handle the cash flow. I would further propose that the \$2.42 handling fee be allocated as follows:

\$0.67	Bad Debt Set-Aside
\$1.00	Main Street Program
\$0.25	Tree Planting Program
\$0.50	Park Improvements

We estimate there will be 950 residential customers billed under this new structure. The 4 set-aside accounts would be funded annually at the following estimated rate:

Bad Debt Set-Aside	\$ 7,638
Main Street Program	\$11,400
Tree Planting Program	\$ 2,850
Park Improvements	\$ 5,700
